Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Sunday 17 Jan 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Dry this evening, with showers overnight and winds increasing.

This Evening and Tonight:
This evening looks to remain cloudy and dry, but overnight showers will move in from the west, becoming more frequent overnight. With cloud turning patchy overnight, clear spells may develop in the early hours. Breezy throughout. Minimum temperature 2 deg C (36 deg F).

Monday:
A few morning showers are likely. Turning mostly dry and bright for the afternoon before outbreaks of rain, many heavy, move in during the evening. Winds easing overnight for most. Maximum temperature 8 deg C (46 deg F).

Outlook for Tuesday to Thursday:
Persistent heavy rain will continue through Tuesday and Wednesday, with strong winds in southern areas on Tuesday. Colder on Thursday with a mix of wintry showers and gales.
